LIAB aims to transform the lives of underprivileged children by teaching them invaluable life lessons through sport and equip them with skills required to face the world with a smile on their faces and grit in their hearts. Life is a Ball currently touches the lives of 2500+ kids and is continuing to grow.

School's back!! The new academic year has commenced and so has the LIAB program. We're excited for some big changes this year and we're more focused on instilling values in the kids through our program.

Highlights of the month...

LIAB HYDERABAD

June marked LIAB's entry into Hyderabad. With the help of one of our founders and trustees, Regina Cassandra, we launched our full time program in 3 schools in Moinabad last month. The three schools are The Good Shepherd School, Upper Primary Govt School and ZP High School.

Our LIAB Managers from Chennai personally visited Hyderabad to meet the principals of each school and set up the program. We've already got 3 coaches and 3 volunteers on board to visit the schools and spend time with the kids. By the end of July we aim to expand to another 6 schools.

LIAB VOLUNTEER MEET

On the 2nd of June we organised a workshop for all of our volunteers to brief them on the upcoming academic year and introduce our Volunteer Manual. The manual includes a description of LIAB's operations, the values we instil in kids, and how the volunteers can help during sessions by assisting the coaches and interacting with the kids. This year we're bringing more structure into our volunteering programs with specific roles and goals. We hope these changes ultimately result in a better experience for the kids.
